Carroll Shelby, legendary driving ace, race team owner, and designer of Shelby Cobra, Daytona, and Mustang GT350 classics is revered by automotive enthusiasts, yet little has been written about the last quarter century of Carroll Shelby's life. During that time Chris Theodore, VP at Chrysler and Ford, developed a close personal friendship with Carroll. The Last Shelby Cobra chronicles the development of the many vehicles they worked on together (Viper, Ford GT, Shelby Cobra Concept, Shelby GR1, Shelby GT500 and others). It is an insider's story about how Shelby came back to the Ford family, and the intrigue behind the five-year journey to get a Shelby badge on a Ford Production Vehicle. The author provides fresh insight and new stories into Shelby's larger-than-life personality, energy, interests and the many unpublished projects Carroll was involved with, up to his passing. Finally, the book describes their unfinished project, the Super Snake II Cobra, and the serendipitous circumstances that allowed to the author to acquire 'Daisy,' the last Shelby Cobra. To his many fans, Carroll Shelby was truly 'the most interesting man in the world.' NEW YORK TIMES BESTSELLER "Explosive... A blistering tell-all."---Washington Post "People should sit up, take notes and change things."---Ace Smith, Los Angeles Times "Brazile most certainly has a story to tell.... Vivid."---The Guardian From Donna Brazile, former DNC chair and legendary political operative, an explosive and revealing new look at the 2016 election: the first insider account of the Russian hacking of the DNC and the missteps by the Clinton campaign and Obama administration that enabled a Trump victory. In the fallout of the Russian hacking of the Democratic National Committee--and as chaos threatened to consume the party's convention--Democrats turned to a familiar figure to right the ship: Donna Brazile. Known to millions from her frequent TV appearances, she was no stranger to high stakes and dirty opponents, and the longtime Democratic strategist had a reputation in Washington as a one-stop shop for fixing sticky problems. What Brazile found at the DNC was unlike anything she had experienced before--and much worse than is commonly known. The party was beset by infighting, scandal, and hubris, while reeling from a brazen and wholly unprecedented attempt by a foreign power to influence the presidential election. Plus, its candidate, Hillary Clinton, faced an opponent who broke every rule in the political playbook. Packed with never-before-reported revelations about what went down in 2016, Hacks is equal parts campaign thriller, memoir, and roadmap for the future. With Democrats now in the wilderness after this historic defeat, Hacks argues that staying silent about what went wrong helps no one. Only by laying bare the missteps, miscalculations, and crimes of 2016, Brazile contends, will Americans be able to salvage their democracy. Edition Tourer (1998-2000) Thrilling crime stories about cars, driving, and the road from the world's bestselling and critically acclaimed writers. Like fiction, cars take us into a different world: from the tony enclaves of upper crust society to the lowliest barrio; from muscle car-driving con men to hardscrabble kids on the road during the Great Depression; from a psychotic traveling salesman to a Mexican drug lord who drives a tricked-out VW Bus. We all share the roads, and our cars link us together. Including entirely new stories from Michael Connelly, C.J. Box, George Pelecanos, Diana Gabaldon, James Sallis, Ace Atkins, Luis Alberto Urrea, Sara Gran, Ben H. Winters, and Joe Lansdale, *The Highway Kind* is a street-level look at modern America, as seen through one of its national obsessions. "This is a self-help book on how to argue effectively, conciliate, and gently persuade. The authors admit to getting it wrong in their own past conversations. One by one, I recognize the same mistakes in me. The world would be a better place if everyone read this book." -- Richard Dawkins, author of *Science in the Soul* and *Outgrowing God* In our current political climate, it seems impossible to have a reasonable conversation with anyone who has a different opinion. Whether you're online, in a classroom, an office, a town hall -- or just hoping to get through a family dinner with a stubborn relative -- dialogue shuts down when perspectives clash. Heated debates often lead to insults and shaming, blocking any possibility of productive discourse. Everyone seems to be on a hair trigger. In *How to Have Impossible Conversations*, Peter Boghossian and James Lindsay guide you through the straightforward, practical, conversational techniques necessary for every successful conversation -- whether the issue is climate change, religious faith, gender identity, race, poverty, immigration, or gun control. Boghossian and Lindsay teach the subtle art of instilling doubts and opening minds. They cover everything from learning the fundamentals for good conversations to achieving expert-level techniques to deal with hardliners and extremists. This book is the manual everyone needs to foster a climate of civility, connection, and empathy. VT750C Shadow ACE (1998-
