In the New England Fashion May 04 2021 In the first half of the nineteenth century, rural New England society underwent a radical transformation as the traditional household economy gave way to an encroaching market culture. Drawing on a wide array of diaries, letters, and published writings by women in this society, Catherine E. Kelly describes their attempts to make sense of the changes in their world by elaborating values connected to rural life. In her hands, the narratives reveal the dramatic ways female lives were reshaped during the antebellum period and the women's own contribution to those

developments. Equally important, she demonstrates how these writings afford a fuller understanding of the capitalist transformation of the countryside and the origins of the Northern middle class. Provincial women exalted rural life for its republican simplicity while condemning that of the city for its aristocratic pretension. The idyllic nature of the former was ascribed to the financial independence that the household economy had long provided those in the farming community. Kelly examines how the juxtaposition of rural virtue to urban vice served as a cautionary defense against the new realities of the capitalist market society. She finds that women responded to the transition to capitalism by upholding a set of values which point toward the creation of a provincial bourgeoisie.

The Ape Who Guards the Balance May 16 2022 After eluding a kidnapper in London, an unperturbed Amelia Peabody accompanies her unconventional family to Cairo once more—only to be ensnared almost immediately in a web of stolen treasures and bloodthirsty

cults. Villainy is running rampant in Egypt this 1907 archaeological season, but the members of the intrepid Peabody-Emerson clan have already proven themselves to be formidable adversaries. However, when a mint-condition papyrus of the Book of the Dead falls into their hands, and the corpse of an unscrupulous dealer in stolen antiquities is found floating in the Nile, the Emersons' prospects for surviving this excavation season unscathed appear increasingly dim.

The Peabody Sisters Nov 29 2020 Pulitzer Prize Finalist: "A stunning work of biography" about three little-known New England women who made intellectual history (The New York Times). Elizabeth, Mary, and Sophia Peabody were in many ways the American Brontës. The story of these remarkable sisters—and their central role in shaping the thinking of their day—has never before been fully told. Twenty years in the making, Megan Marshall's monumental biography brings the era of creative ferment known as American Romanticism to new life. Elizabeth Peabody, the oldest sister, was a mind-on-fire influence on the great writers of the era—Emerson, Hawthorne, and Thoreau among them—who also published some of their earliest works; it was she who prodded these newly minted Transcendentalists away from Emerson's individualism and toward a greater connection to others. Middle sister Mary Peabody was a passionate reformer who finally found her soul mate in the great educator

Horace Mann. And the frail Sophia, an admired painter among the preeminent society artists of the day, married Nathaniel Hawthorne—but not before Hawthorne threw the delicate dynamics among the sisters into disarray. Casting new light on a legendary American era, and on three sisters who made an indelible mark on history, Marshall’s unprecedented research uncovers thousands of never-before-seen letters as well as other previously unmined original sources. “A massive enterprise,” The Peabody Sisters is an event in American biography (The New York Times Book Review). “Marshall’s book is a grand story . . . where male and female minds and sensibilities were in free, fruitful communion, even if men could exploit this cultural richness far more easily than women.” —The Washington Post “Marshall has greatly increased our understanding of these women and their times in one of the best literary biographies to come along in years.” —New England Quarterly

He Shall Thunder in the Sky Sep 20 2022 “Passion among the pyramids. Forged antiquities. A country at war. A camel in the garden. A cameo by Lawrence of Arabia. Add in Peters’s trademark intelligent plotting, engaging characters, and stylish writing and we can hardly ask for anything more.” —Cincinnati Enquirer One of the most beloved characters in mystery/suspense fiction, archeologist and Egyptologist Amelia Peabody bravely faces gravest peril in Cairo on the eve of World

War One in New York Times bestselling Grandmaster Elizabeth Peters's magnificent Egyptian adventure, *He Shall Thunder in the Sky*. The San Francisco Examiner calls these heart-racing exploits of Amelia and her courageous family, the Emersons, "pure delight." But perhaps the New York Times Book Review states it best: "Between Amelia Peabody and Indiana Jones, it's Amelia—in wit and daring—by a landslide."

Hawthorne in His Own Time Feb 19 2020 At his death, Nathaniel Hawthorne (1804–1864) was universally acknowledged in America and England as "the Great Romancer." Novels such as *The Scarlet Letter* and *The House of the Seven Gables* and stories published in such collections as *Twice-Told Tales* continue to capture the minds and imaginations of readers and critics to this day. Harder to capture, however, were the character and personality of the man himself. So few of the essays that appeared in the two years after his death offered new insights into his life, art, and reputation that Hawthorne seemed fated to premature obscurity or, at least, permanent misrepresentation. This first collection of personal reminiscences by those who knew Hawthorne intimately or knew about him through reliable secondary sources rescues him from these confusions and provides the real human history behind the successful writer. Remembrances from Elizabeth Peabody, Sophia Hawthorne, Oliver Wendell Holmes, Ralph Waldo

Emerson, Bronson Alcott, Rebecca Harding Davis, and twenty others printed in Hawthorne in His Own Time follow him from his childhood in Salem, through his years of initial literary obscurity, his days in the Boston and Salem Custom Houses, his service as U.S. Consul to Liverpool and Manchester and his life in the Anglo-American communities at Rome and Florence, to his late years as the "Great Romancer." In their enlightening introduction, editors Ronald Bosco and Jillmarie Murphy assess the postmortem building of Hawthorne's reputation as well as his relationship to the prominent Transcendentalists, spiritualists, Swedenborgians, and other personalities of his time. By clarifying the sentimental associations between Hawthorne's writings and his actual personality and moving away from the critical review to the personal narrative, these artful and perceptive reminiscences tell the private and public story of a remarkable life.

And there is nothing in this barren area worthy of their interest -- until an antiquities dealer is murdered in his own shop. A second sighting of a sinister stranger from the crime scene, a mysterious scrap of papyrus, and a missing mummy case have all whetted Amelia's curiosity. But when the Emersons start digging for answers in an ancient tomb, events take a darker and deadlier turn -- and there may be no surviving the very modern terrors their efforts reveal.
